## 1. Background of ESDO

Eco-Social Development Organization (ESDO) started its journey in 1988 with a noble vision to stand in solidarity with the poor and marginalized. Being a peoples' centered organization, ESDO envisioned for a society which will be free from inequality and injustice, a society where no child will cry from hunger and no life will be ruined by poverty. Near about three decades of relentless efforts to make this happen, ESDO has embraced new grounds and opened up new horizons to help the disadvantaged and vulnerable people to bring meaningful and lasting changes in their lives. During this long span, ESDO has adapted with the changing situation and provided the most time-bound services especially for the poor and disadvantaged. A community focused and people centered approach has been adapted by ESDO while consideration was given to the national policy and Sustainable Development Goals (SDGs) as its guiding principle.

ESDO is one of the most dynamic organizations expanding its development interventions across 135 upazilas under 24 districts of Bangladesh covering over 6.87 million poor and vulnerable people.

## 2. Executive Summary

Eco-Social Development Organization (ESDO) continuous its mended for holistic development of rural populations in the areas of livelihood, skill development, health, education, water and sanitation, nutrition, mother and child health care services, kitchen gardening, growth monitoring, immunizations, arsenic mitigation and the developing needs of marginalized people of Bangladesh from its inception 1988. At the same time ESDO has been continuing micro credit, social development, food security, disaster management, agricultural development, livestock, fisheries, water resources management, hazardous child labour reduction, counter trafficking intervention, human rights, adult education, child education, skill development activities for ensuring equitable society free from poverty in ESDOs working area.

ESDO managed mentioned programs in 697 slums, 1257 unions, 139 upazilas and 26 districts of Bangladesh, directly reaching more than 6.87 million poor and vulnerable people. Different need-based programs are aimed to enhancing the capabilities of deprived people in terms of social development, disaster facina, food security, agriculture, gender, nutrition, micro finance, health, environment, rights and governance, education and human development, and with empowering them to solve the problems that affect their lives and to cooperate with each other to resisting oppression and exploitation. The undertaking of such self-initiated and autonomous actions is an important achievement in a context where the deprived people are dependent for their livelihood and social security.

For last 28 years of development journey, ESDO has been serving with untiring efforts to bring forth and optimum development situation in Bangladesh. During this long span of time ESDO has been intent to adapt with the changing situation and provide the most time-fitting services especially for the poor and disadvantaged. The comprehensive software & hardware support package has been dedicated to ensure, skill development activities ,social development, food security, disaster management, agricultural development, livestock, fisheries, water resources management, micro credit ,hazardous child labour reduction, counter trafficking intervention, human rights, adult education, child education, health and nutrition, hygienic sanitation and personal hygiene for the grassroots people while focusing on community motivation and empowerment of people. A community focused and people centered approach has been adapted by ESDO while considering the national policy and Sustainable Development Goals (SDGs) as its guiding principle.

For the sake of bringing sustainable food security, skill development, livelihood development, ESDO provides demand-driven and bottom-up services, instead of supply-driven and top-down services, ensuring community participation in every step from planning, through decision-making to implementation and monitoring and follow-up as well as cost sharing by community people. Maintaining this process ESDO has succeeded in creating a sense of ownership of the programmes among the community. This approach has contributed greatly to the sustainability of the program success.

ESDO has made advocacy programmes having major components like ethenic minority rights, gender awareness and women rights, social mobilization, legal aid services, hazardous child labour reduction movement, disaster management, social assistance to Adibashis and extreme minorities, counter trafficking etc. along with various promotional activities.

ESDO regularly conduct three types of planning for project activities. These are: (i) Strategic Plan (ii) Business Plan (iii) Yearly Plan.

ESDO facilities monitoring considering it as an essential tools for its programme management to measure the effectiveness of ESDO programmes both on quantitative and qualitative aspects. The effective facilitation of regular

monitoring also enables the ESDO management take necessary correctively measures on its programme interventions at the right time. ESDO's all project activities are monitored monthly and quarterly basis by the respective project supervisors besides this ESDO has a group of experienced monitor team under the guidance of team leader. The monitor team has monitored the project activities quarterly and submits report to the Executive Director as well as in monthly coordination meeting. According to the monitoring findings, the ESDO management undertook action to improve the planned activities.

For ensuring qualitative and quantities programme ESDO's all project activities periodically and regularly audited by ESDO's Internal Audit Team. A professional group regularly audited ESDO's entire project under the direct supervision of Executive Director. As per audit findings, the concern sectoral coordinators ensure to meet-up their lacking or shortfall within require period.

ESDO regularly evaluated ESDO's programmes and projects through different period. Mid-term evaluation and final evaluation is mandatory for each programme.

ESDO has its own transparent financial system as well as comply with donor's requirement. ESDO maintain both accruals, cash basis accounting, and follow the double entry accounting system. Keeping accounts both way manually and by software also.

Weekly, monthly and Quarterly reporting systems are established. ESDO is able to produce and provide report to the donor as per their requirements.

ESDO believes that efficient staff is a significant parameter of organizational strength. ESDO consider them as the most valuable resources. 3077 staff has been working with ESDO, among them 1663 are male and 1414 are female of the total staff 89 are working in the central office and the rest 2988 are working under the regional and branch offices.

### **3. Vision**

We seek an equitable society free from all discriminations.

### **4. Mission**

Reduction in income poverty and human poverty of the people in ESDOs working area through undertaking massive integrated development program for the poor and marginalized community through service delivery and rights based approach. Income generation literacy programme nutrition and health programme human rights and good governance programme giving proper importance to environmental protection and regeneration. ESDO firmly believes and is actively involved in promoting human rights, dignity and gender equality through people's social, economic, political and human capacity building. Women in general and children are the core and central focus of its activities. Strengthening the organizational capacity carries importance to ensure quality of its services. Extending its services to the ultra poor is its main manifesto.

## 15. Summary of Strategic Plan 2013/2017

The overarching mission of ESDO is to reduction in income poverty and human poverty envisioning towards creating an equitable society free from all discriminations. To achieve the vision and mission.ESDO set a programming goal to improve the quality of life of the disadvantaged and vulnerable poor people (especially women and children). The programming goal sets five strategic priorities towards developing pathways for ending poverty and promoting shared prosperity in a sustainable manner.

This includes:

*Strategic Objective # 1:* To develop quality human resources targeting children, women and vulnerable people;

*Strategic Objective # 2:* To improve knowledge and capability of the disadvantaged and vulnerable poor (especially women and indigenous people) to adapt with the emerging social, economic and environmental shocks;

*Strategic Objective # 3:* To improve the quality of basic services (health, nutrition, education, agriculture and financial) for the disadvantaged and vulnerable poor people;

*Strategic Objective # 4:* To promote human rights of children and marginalized people;

*Strategic Objective # 5:* To enhance organizational capacity and leadership for programming excellence.

## 16. Monitoring and supervision

ESDO facilitates monitoring and supervision considering it as an essential tool for its programme management to measure the effectiveness of existing programmes both on qualitative and quantities aspects. The effective facilitation of regular monitoring and supervision also enable the ESDO management take necessary corrective measure on its program intervention at the right time.

Based on its programmatic approach ESDO follows participatory monitoring methods. This participatory monitoring methods it is conducted in three level as follows:

- Monitoring by the personnel of ESDO
- Monitoring by the representative of the community people.
- Monitoring by the special joint team, collaboration different stakeholders (ESDO, GO, LG and Projects Participants).

ESDO followed the Monitoring, Evaluation and Learning (MEL) system is used as a management tool to track ESDO inputs process, outputs and activities to monitor whether these are being in line within the operational guideline and expectation of the ESDO management. Moreover, ESDO has in-house MIS unit to track project progress effectively and efficiently.

## 17. Financial Management System

ESDO emphasizes the importance of a good accounting system and substantial work has been done in maintaining the standards of accounts. International Accounting Standards (IAS) is followed in account keeping and International Financial Reporting Standards (IFRS) are used in all reporting ESDO.

ESDO has its own transparent financial management system that's also comply with donor's requirements. ESDO maintain both accrual and cash basis accounting and follow the double entry accounting system. Keep accounts both the way of manually by software also.
