Responsibilities & Context

Application Deadline : **17 Nov 2026**

ESDO was established in 1988 with the aim of supporting poor and marginalized people affected by the devastating flood and gradually moving towards achieving a broader vision of achieving sustainable, secured, and resilient livelihoods for these poor and marginalized people through improving their overall sustainable development. For the last more than three and a half decades of its development journey, ESDO has set an outstanding example of a sustainable development model for the underprivileged communities of Bangladesh. ESDO has been working in the country's primarily unserved and underserved locations, nurturing a community-focused participatory approach and people's ownership. Consequently, the ESDO's working area has already established an enabling environment. We have made notable achievements in livelihood improvement, food security and nutrition, education, women's empowerment, health, the promotion of children's rights, adolescent and youth engagement, and the rights of ethnic minorities. During this long span, we have adapted to the changing situation and provided the most time-bound effective services, especially to the poor and disadvantaged people. Considering the government's development policies, we are currently implementing a considerable number of projects and programs, including a microfinance program, through a community-focused and people-centered approach to accomplish the government's development agenda and the Sustainable Development Goals (SDGs) of the UN as a whole. One of the most dynamic organizations, ESDO, is expanding its development interventions across 422 upazilas under 56 districts of Bangladesh, thereby reaching over 15.73 million impoverished and vulnerable individuals.

ESDO is going to implement **DRS Rooftop Solar Program** in Bangladesh. ESDO is inviting applications from interested qualified candidates for the following position.

Job Purpose

Manage the overall day-to-day implementation of the programme, ensuring effective coordination among all departments, achievement of operational and business targets, and timely delivery of programme objectives.

Key Responsibilities:

- Prepare and implement the Programme Implementation Plan.
- Translate overall programme targets into monthly, quarterly and district-wise implementation plans.
- Coordinate Technical, Operations, Finance, Procurement, Marketing, M&E, Legal and IT & MIS activities.
- Monitor programme progress against approved targets, schedules and budgets.
- Lead regular programme coordination and performance review meetings.
- Review departmental reports and identify implementation bottlenecks.
- Coordinate with financial institutions, business partners and relevant stakeholders.
- Monitor project expenditure, cash flow requirements and resource utilization in coordination with Finance.
- Ensure timely preparation of programme progress reports and management updates.
- Monitor customer acquisition, onboarding, financing processes and portfolio-related operational performance.
- Apply practical microfinance operational knowledge to manage customer-level financial processes and field
- operations.
- Ensure effective coordination between head office, regional offices and district-level teams.
- Identify operational and financial risks and implement corrective measures.
- Ensure proper programme documentation and compliance with ESDO policies and applicable regulations.
- Evaluate departmental performance and recommend improvements to senior management.
